

## **Executive Summary**

**Course Title:** SDM Review: Let's Take Another Look

**Course Description:** This class is designed for staff who have had the two day basic SDM class but would like a refresher in SDM. The class will review and teach each tool in SDM with an emphasis on tools used in TPU and FR. Using a case example staff will complete tools most commonly used when a child is in placement.

**Target Audience:** TPU, Kin-gap, FR

### **Course Objectives:**

Participants will:

Understand the overall SDM system and how it impacts practice

Know what decision each tool guides

Know policy and procedure for each tool
